WISTAR'S BALSAM

OF

Wild Cherry.

This well-known preparation still maintains the enviable reputation that it acquired more than forty years since, as the most reliable and effective remedy in the world for the cure of

COUGHS, COLDS, HOARSENESS, SORE THROAT, BRONCHITIS, INFLUENZA, CROUP, WHOOPING-COUGH, ASTHMA,

CONSUMPTION,

AND EVERY AFFECTION OF

THE THROAT, LUNGS, AND CHEST.

WISTAR'S BALSAM OF WILD CHERRY is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the RELIEF and CURE of the above complaints, and is constantly used by them in their practice. A well-known physician writes, "*It does not dry up a cough and leave the cause behind, as is the case with most preparations, but loosens it, cleanses the lungs, and allays irritation, thus removing the cause of the complaint.*"

50 CENTS AND \$1.00 A BOTTLE.

Prepared by SETH W. FOWLE & SONS, BOSTON, and for sale by druggists and dealers generally.

PERUVIAN SYRUP,

A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON,

Is as easily digested and assimilated with the blood as the simplest food. When the blood does not contain the usual quantity of Iron, the deficiency can be supplied by the use of the Peruvian Syrup. It cures "a thousand ills" simply by TONING UP, INVIGORATING, and VITALIZING the system. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon. This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, BOILS, CHRONIC DIARRHŒA, NERVOUS AFFECTIONS, FEMALE COMPLAINTS,

And all diseases originating in a bad state of the blood, or accompanied by debility, or a low state of the system.

SEND FOR A PAMPHLET.

A thirty-two page pamphlet, containing valuable information on Iron as a medical agent, and testimonials from distinguished physicians, clergymen, and others, will be sent FREE to any address by SETH W. FOWLE & SONS, Boston. The PERUVIAN SYRUP is sold by druggists and dealers generally.

CATARRH IN ITS WORST FORM CURED

BY THE USE OF

RAEDER'S GERMAN SNUFF.

In presenting to the public the "GERMAN SNUFF," as originally prepared by Professor RAEDER, and by him used for many years in the best families of the German States, the proprietors feel confident, that, when its virtues are known, it will become one of the greatest remedies of the age for the complete cure of all

DISEASES OF THE NOSE AND HEAD.

The ingredients of which it is compounded are as simple in their nature as they are efficacious in their cure, and in its composition it differs from any other preparation upon the globe.

FOR THE CURE OF CATARRH,

One of the most common complaints of the age, it stands alone and unrivalled. Hundreds of testimonials could be presented, certifying to its wonderful agency in removing that disorder; but it would be useless, as, when once used, no family would be without it, as it has ever proved a household blessing.

A COLD IN THE HEAD

is, perhaps, one of the most common, and, at the same time, disagreeable disorders of the day, as no one, however careful in his habits, can escape its effects in this our changing climate; but, by a moderate use of the GERMAN SNUFF, a clear head and free respiration is the invariable result.

Unlike other nostrums which are sold under the name of Catarrh Snuff, it does not create a VIOLENT sneezing, which is as disagreeable as it is needless, but is in its operation more mild and at the same time doubly efficacious, creating a pleasing moisture in the nasal organs, which is followed by a complete and remarkably free respiration. In fact, it renders all dosing by noxious drugs unnecessary, and, by its use, places in the hands of one and all a remedy both pleasing, safe, and sure.

This wonderful German Snuff is for sale by all Druggists at
the low price of 35 cents.

NLM

TO THE DRUG TRADE OF NEW ENGLAND.

IN presenting, for your consideration, our Catalogue for 1830, we desire to return our cordial and hearty thanks for the kind support given us during the past seven years. We have striven, since the establishment of our business, to invariably keep and sell nothing but Strictly Pure Drugs and Essential Oils; and our large and constantly increasing trade is the reply which the Drug Trade have given us. We shall in the years to come continue to deserve the good will shown us, and trust our endeavors will meet with your approval and support.

The daily fluctuations in price prevent us from giving quotations on a large portion of our Catalogue; but we have, as far as possible, on all regular goods, given market rates. We do not wish it understood that prices given are our lowest rates; but they are given more as a guide, and the book is intended as a catalogue of merchandise usually required by the trade. We shall be ready at all times to give the lowest quotations when requested.

TERMS.

Our goods are sold for net cash; but, in cases of satisfactory credit, we extend the time to thirty days, subject to sight draft.

SHIPMENTS.

Goods are shipped by the route desired; but, where no directions are given, we ship by the nearest route. Our goods are packed by careful and experienced men; and when we deliver them to the Transportation Company our responsibility ceases, and, in case of any breakage or damage, your recourse is upon the carrier alone.

We make no charge for packing boxes. A slight charge only for cartage where goods are sent by freight.

We hope to be favored with your orders.

Truly yours,

SMITH, DOOLITTLE, & SMITH.

PROPRIETORS OF PATENT MEDICINES

Are respectfully requested to read the Statements of those who
have tested and now Advertise in "The Boston Globe."

THE PROPRIETOR OF VEGETINE.

I have an advertisement running by the year in THE BOSTON DAILY GLOBE; have had the books examined carefully, and know it has a large and growing circulation. I am convinced, by practical experience, that it is one of the best mediums in the country.

BOSTON, Aug. 2, 1879.

H. R. STEVENS,

Proprietor of Vegetine.

IT ALWAYS PAYS.

Within a year I began to advertise "CARBOLINE" in New England, and started in THE BOSTON DAILY and SUNDAY GLOBE. For two months I did not use any other paper in New England. The sale was started in splendid style. Since then I have used THE GLOBE, and it *always pays*. I have just made a contract for a year, and am willing to pay a good price for such a first-class medium.

MARCH 29, 1879.

R. M. KENNEDY,
Pittsburg, Penn.

FROM SMITH, DOOLITTLE, & SMITH.

THE BOSTON DAILY GLOBE is a morning and evening paper (printing eight editions daily). We have and are using THE GLOBE liberally every year. Its readers buy patent medicines, and it is one of the most satisfactory mediums we have ever utilized.

QUINQUINIA.

This new preparation deserves special attention. It represents the entire Alkaloidal strength of Cinchona Bark, with the exception of a portion of Quinine, which is separated to reduce the cost, while its superior efficacy as a Tonic and Antiperiodic is indicated by the fact that the dose should not exceed that of Sulph. Quinine, at the same time the price is about one-fourth of that article.

LACTOPEPTINE.

LACTOPEPTINE contains all the agents of digestion that act upon food, from mastication to its conversion into chyle, thus combining all the principles required to promote a Healthy Digestion.

One of its chief features (and the one which must gain it a preference over all digestive preparations) is, that it precisely represents in composition the natural digestive juices of the stomach, pancreas, and salivary glands, and will therefore readily dissolve all foods necessary to the recuperation of the human organism.

The principal reasons why Lactopeptine should entirely supersede the use of Pepsin :

- 1st, It contains the natural acids secreted by the stomach (*Lactic and Hydrochloric*), without which Pepsin and Pancreatine will not change the character of coagulated albumen.
- 2d, It will change the *starchy* portions of vegetable food into the assimilable form of Glucose.
- 3d, It will emulsionize and prepare for assimilation the oily and fatty portions of food, Pepsin having no action upon this important aliment.
- 4th, Experiments will readily show that the digestive power of the ingredients of LACTOPEPTINE, when two or more are combined, is much greater than when separated. Thus, 4 grains of Pepsin and 4 grains of Pancreatine mixed will dissolve one-third more than the combined digestive power of each agent separately in the same length of time.
- 5th, IT IS MUCH LESS EXPENSIVE TO PRESCRIBE. *It digests all kinds of food acted upon by Pepsin, besides digesting all other food taken by the human stomach. The digestive power of Lactopeptine, therefore, far exceeds that of Pepsin ; yet it is furnished at about the same price.*

MARSH'S INSTANTANEOUS DISINFECTANT AND DEODORIZER.

The most Efficient Neutralizing Agent known.

It Arrests Putrefaction, and Prevents Contagion.

It instantly absorbs and destroys the most poisonous odors, vapors, and gases; deodorizes and purifies all fetid, putrid, and offensive matter.

It prevents the spread of diphtheria, measles, smallpox, yellow, scarlet, typhoid, and relapsing fevers, as it exercises a direct influence upon specific contagia, and destroys the germs of disease in the atmosphere.

It is entirely free from odor, and does not, like Carbolic Acid or Chloride of Lime, substitute one disagreeable smell for another, but, by its chemical affinity for noxious and infectious odors, AT ONCE unites with and neutralizes them. It is powerful, yet harmless in its effects, and will not stain or injure the most delicate fabrics upon which it is used.

A HOUSEHOLD NECESSITY. EVERY FAMILY SHOULD USE IT.

Sewer-Gas, and the noxious odors that arise from Water-Closets, Urinals, Drains, Sinks, Gutters, Waste-Pipes, &c.,—direct causes of disease and death in private families and public institutions,—are entirely removed by its use.

In the sick-room its value is incalculable. It excels all other preparations of the kind by its ability to purify a vitiated atmosphere without emitting any odor; thus bringing relief and comfort to the sick and those who have the care of them.

Its constant use about the household will largely decrease sickness and mortality among the children, and inure

to the health and comfort of the whole people.

The Instantaneous D. and D. is not only a prime necessity in every family, rich or poor, but its use in purifying the bad atmosphere of Public Institutions, School and Court Rooms, Hotels, Restaurants and Boarding-Houses, is indispensable.

For Undertakers' use it is extremely valuable, as it destroys the offensive odor of the cadaver; prevents and removes discoloration; arrests decomposition in the most advanced state; keeps the features in a good state of preservation, and obviates the necessity for ice even in the hottest weather.

MARSH'S

Instantaneous Disinfecting and Deodorizing Powder,

For the Thorough Purification of Water-Closets, Urinals, Privies, Cesspools, Sinks, Gutters, Garbage, and Offensive Material of any kind.

This Powder is entirely odorless, but, by its chemical affinity for noxious gases, instantly neutralizes and disinfects whatever is fetid, putrid, and injurious to health. Far more rapid and effective than any other known preparation, and infinitely more satisfactory than Carbolic Acid, Chloride of Lime, &c. It is indorsed and recommended by Boards of Health, Hospital authorities, and eminent Medical Men.

Beg leave to call the attention of the Drug Trade in the New-England States
to their large stock of

STANDARD WINES AND SPIRITS,

which are selected with care, and for purity and worth may be relied on. Importing direct, and buying only for cash, we feel confident of our ability to offer our goods at prices and on such terms as will meet the approval of purchasers. We have a distilling capacity at our works of forty barrels Alcohol per day. We sell by city sealed measure, and guarantee casks to hold what they are marked. We neither buy nor sell Western Alcohol, but sell our own makes as low as the lowest when quantity and quality are considered. Samples and quotations cheerfully furnished on application.

ALL KINDS, INCLUDING THE
NEW FOUNTAIN SYRINGE.

FOR SALE BY ALL FIRST-CLASS

DRUGGISTS.

MUST BE SEEN AND TRIED TO
BE APPRECIATED.

RECOMMENDED BY THE BEST PHYSICIANS.

Six Reasons why they are better than any in the market:—

1. Because the quality is as good or better than any other, and at lesser price.
2. Because for the same price there are different new attachments not found in other Syringes.
3. Because the valves can never be lost out.
4. Because the Dilator supersedes all Vaginal Syringes.
5. Because the Retaining Vessel will, by a pressure, retain all fluids till they have taken action.
6. Because there is a Fountain Syringe combined with a plain Double-neck Syringe.

CUTLER'S Pocket Inhaler

AND CARBOLATE OF IODINE INHALANT.

A most wonderful remedy for all Nasal, Throat, and Lung Diseases. Its curative properties have proved superior to any thing hitherto used or known, affording relief in some cases in a few minutes. It will cure Catarrh. It has cured Catarrh where all other remedies have failed. It is in fact the only real Catarrh remedy. Bronchitis yields to it, and Consumption, if taken in any kind of season. The character of the disease, upon using the Inhaler, is rapidly changed for the better. In Asthma it has no equal. Every case is either cured or benefited. Coughs, Sore Throat, Hoarseness, and Loss of Voice are relieved at once. It is used by Nilsson, Kellogg, and Eustaphie, and by hundreds of Clergymen and Public Speakers. It will correct the most offensive breath, rendering it as sweet as an infant's.

ESTABLISHED 1833.

MERCHANT'S GARGLING OIL LINIMENT.

Yellow Wrapper for Animal, and White for Human Flesh.

"Whether for use on man or beast, Merchant's Gargling Oil will be found an invaluable Liniment, and worthy of use by every resident in the land. We know of no proprietary medicine or article now used in the United States which shares the good will of the people to a greater degree than this. Yellow wrapper for animal, and white for human flesh." — *New-York Independent*.

Merchant's Gargling Oil as a Family Liniment.

We are now, and have been for some years, preparing the Oil free from stain, to be used as a common liniment for human flesh, extracting the coloring ingredient which has heretofore rendered it objectionable. This Oil possesses all the medicinal properties of that prepared with the dark tinge for horses and cattle, and will be found one of the best remedies for all purposes where a liniment is required that has ever been manufactured.

From J. K. FISHER, Uniontown, Penn., Jan. 31, 1857. — "Your Gargling Oil is doing much better here than formerly, since its virtues have become known; and the bottles put up for family use, without stain, are much sought for."

The Gargling Oil, called "Family Oil," although prepared intentionally for human flesh, answers as well for beasts; *vice versa*, the dark Oil answers as well for human flesh, only it will stain and discolor the skin, but not permanently. Yellow wrapper for animal, and white for human flesh.

Gargling Oil Liniment as an Internal Remedy.

Merchant's Gargling Oil is a diffusible stimulant and carminative. It can be taken internally when such a remedy is indicated, and is a good substitute for pain-killers, cordials, and anodynes. For Cramps or Spasms of the Stomach, Colic, Asthma, or Internal Pain, the dose may be from fifteen to twenty drops, on sugar, or mixed with syrup in any convenient form, and repeated at intervals of three to six hours. Yellow wrapper for animal, and white for human flesh.

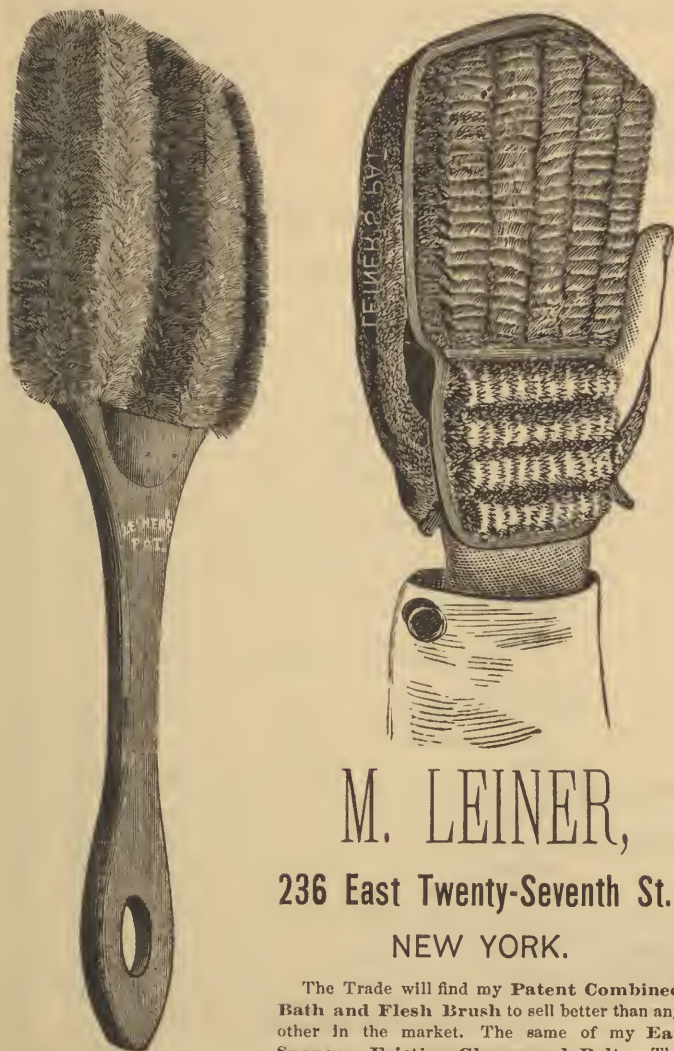

Merchant's Gargling Oil is the Standard Liniment of the United States. Established 1833. Large size, \$1.00; medium, 50 cents; small, 25 cents; small size for family use, 25 cents. Manufactured at Lockport, N.Y., by M. G. O. Co., and sold by all druggists.

LYDIA E. PINKHAM'S Vegetable Compound

IS A POSITIVE CURE FOR

POLAPSUS UTERI AND ALL FEMALE WEAKNESSES.

It restores the blood to its natural condition, directs the vital power aright, strengthens the muscles of the uterus, and lifts it into its place, and gives it tone and strength, so that the cure is radical and entire. It strengthens the back and pelvic region; it gives tone to the whole nervous system; it restores displaced organs to their natural position. That feeling of *bearing down*, causing pain, weight, and backache, is always permanently cured by its use.

The patient, who before could walk but a few steps and with great pain, can, after the use of this remedy, walk several miles without discomfort. It permeates every portion of the system, and gives new life and vigor. It removes Dyspepsia, Faintness, Flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It will cure entirely the worst forms of Falling of the Uterus, Leucorrhœa, Painful Menstruation, Inflammation and Ulceration, Irregularities, Flooding, &c. For the cure of Kidney Complaints of either sex this compound is unsurpassed.

It is impossible for a woman, after a faithful course of treatment with this medicine, to continue to suffer from weakness; and thousands of ladies to-day cherish grateful remembrances of the help derived from the use of this truly remarkable compound.

LYDIA E. PINKHAM'S LIVER PILLS

Cure Constipation, Biliousness, and Torpidity of the Liver.

These Pills are specially adapted to the needs of the Stomach and Liver, the derangements of which they prevent and cure. They are excellent in conjunction with the Vegetable Compound, especially in those cases where the complaints that are peculiar to woman are attended with Constipation and a sluggish Liver. In such cases these Pills enable the Vegetable Compound to do its work more speedily and effectually. They are purely vegetable and perfectly harmless.

These remedies are prepared by Mrs. Lydia E. Pinkham, Lynn, Mass., who will freely answer all letters of inquiry. Six bottles of the Vegetable Compound sent by Express on receipt of \$5.00. Pills sent by Mail on receipt of 25 cents.

DR. BATH'S LINIMENT.

THE GREATEST REMEDY OF THE AGE.

Trade mark registered and patented. None genuine without it.

DEATH TO

Corns, Bunions, Chilblains, Ulcerated Toes,
CAUSED BY INGROWING NAILS AND CALLOUSED FLESH ON THE FEET.

This Liniment is warranted to cure, and to be entirely harmless.

The following are a few of the many thousands who can testify to the merits of this invaluable remedy:—

DR. BATH. *Dear Sir,*—I have been a sufferer for many years from inflamed corns, bunions, and chilblains. Tried every thing without success; but your Liniment relieved me at once. Please send me six bottles to distribute among my friends. Very truly yours,

Boston, May 5, 1876.

MRS. MARY EMERSON, Cortes Street.

NEWTON CORNER, Nov. 2, 1877.

DR. BATH. *Dear Sir,*—After trying a bottle of your Corn Liniment, I find my corns are entirely cured. My child scalded her hand. I put on some of your Liniment, and it relieved her at once. I can recommend it as being entirely harmless.

MRS. E. JOHNSON.

From Capt. John Ewer, of the National Bank of the Republic, Boston.

DR. BATH. *Dear Sir,*—I have found your celebrated Corn Liniment to be an invaluable remedy for corns and bunions. My wife and friends, having tried it, express their gratification in liberal terms.

GILES'S LINIMENT IODIDE AMMONIA.

GILES'S PILLS

GILES'S PILLS

CURE

CURE

PILES.

Headache.

CURES ALL PAIN IN MAN AND BEAST.

TESTIMONIALS.

From the *Christian Union*, Aug. 22, 1877. — "Ever since Dr. Wm. M. Giles, of 120 West Broadway, extended a frank invitation to owners of lame horses to bring their equine property around to his place of business for free treatment, the corner of Twenty-seventh Street and Sixth Avenue has come to resemble a horse fair. The doctor's bold defiance, which is thus thrust upon the curious attention of his neighbor, is based upon his earnest belief in his Iodide Ammonia Liniment, which is now preferred to all others by the chief stock-raisers and sporting-men of the country." A valuable horse of the writer's was kicked on the hock; swelling and lameness ensued, rendering the animal nearly worthless. We were advised to try Giles's Liniment, and are gratified to say it acted like a charm. About two inches of bone came away, the sore healed up, and the lameness and swelling are fast disappearing. — *Henry Ward Beecher and Lyman Abbott, editors.* Send postal card for pamphlet containing full particulars to Dr. Giles, 120 West Broadway, N.Y.

"I had twelve strokes of paralysis. My leg, tongue, and arm were useless; was obliged to use a catheter every day. Dr. Giles's Liniment Iodide of Ammonia has cured me. Will answer any inquiries so that all afflicted may know of it." — *John Appell, North Bradford, Conn.*

CHESTNUT HILL, PHILADELPHIA, April 22, 1876.

W. M. GILES, Esq. Dear Sir, — I used your Iodide of Ammonia Liniment on "Flora Temple's" hind pastern joint. She had been quite lame: the effect was wonderful; she walks now quite well. Very respectfully yours, A. WELSH.

P. S. — I am now using it on "Littleton's" right fore-leg. — A. W.

PROLAPSUS UTERI (falling of the Womb). — WONDERFUL CURE. — "Nine years my wife suffered with this terrible complaint. She was attended by doctor after doctor, went to the different hospitals where females were treated; tried them all; wore bandages and pessaries with only temporary relief. Her life was miserable. We applied Dr. Giles's Liniment. Her relief was immediate. She is now well." — *B. McDermot, 40 West Thirteenth Street, New York.*

ASTHMA. — "The tortures and agonies I endured for six years, none but those who have suffered with the disease can know. My life was miserable. In desperation I tried Giles's Liniment Iodide of Ammonia. It gave me instant relief. Used it internally as well as externally." — *Thos. Brannigan, 27 West Twenty-second Street, New York.*

"I was in a dreadful condition. Joints swollen, pain intense. Injections of morphine into my veins failed to relieve me. Giles's Liniment took away the deposits from my joints. I want every one who suffers to know what will cure them." — *Fordyce Lothrop, North Hyde Park, Lamoille County, Vt.*

NEURALGIA. WONDERFUL CURE. — The great revivalist, Rev. William P. Corbett, says, "Giles's Iodide of Ammonia is, in my judgment, the best remedy for Neuralgia ever put before the public. I have been afflicted with this terrible disease thirty-two years, and never until I fell upon Mr. Giles's remedy did I find any assured relief. I take pleasure in saying this, inasmuch as I desire always to be a benefactor to the human family." — *William P. Corbett, Chairman of the Methodist Church Extension, New York.*

"In my family, and for the stock, I have used Giles's Liniment Iodide of Ammonia. It is unsurpassed, and I am surprised at the many different maladies in which it is applicable. It gives the utmost satisfaction." — *John B. Carter, Superintendent of Eastern Pennsylvania Experimental Farm.*

CEREAL MILK;

OR,

MOTHER'S SUBSTITUTE

FOR INFANTS AND CHILDREN.

MANUFACTURED BY THE
CEREALS MANUFACTURING CO.

Office, No. 83 MURRAY ST., NEW YORK.

"We have analyzed the Cereal Milk, and find it is a preparation of Cereal Grains, so combined as to unite their most nutritious properties; that it is well cooked and desiccated, and free from medicated matter."

WALZ & STILLWELL, Analytical and Consulting Chemists, New York.

"I certify, that, having analyzed the Cereal Milk, I find it composed of the most nutritious and easily digested parts of Wheat and Barley, thoroughly cooked and desiccated, and free from all medicated matter."

WM. F. HENES, Analytical Chemist, New York.

DIRECTIONS FOR USING CEREAL MILK.

Add four tablespoonfuls of cold water to one of Cereal Milk, and stir them thoroughly together; then add twelve tablespoonfuls of hot water, and boil fifteen minutes. To be given blood-warm. In making a large quantity let the same proportions be used. As the infant grows, when pure cow's milk can be had, the above directions are to be followed and the boiling continued until brought to the consistency of a thin paste, and then thinned with milk, so as to run through a nursing-bottle. To be given blood-warm.

FOR OLDER CHILDREN.

For children two years old, or upwards, the proportion of milk may be increased to half or two-thirds. In case pure milk cannot be procured, use water only.

HINTS TO MOTHER AND NURSE.

Handle a baby firmly, but gently; speak kindly and softly to it. A young baby is most contented when bundled warm, with the hands gently covered.

When a baby cries, it is in pain or needs food.

Do not bounce a baby roughly, especially when crying, as a pin may be sticking into it, or it may be chafed by its clothing, or it may have a colic or wind on the stomach. In such cases every bounce will add to its pain and suffering.

A baby has a very small stomach, and needs nursing every two or three hours. An infant of six months and over should be nursed or fed five times in twenty-four hours. When your breast milk is not enough, use in addition Cereal Milk. When ten or twelve months old a child can begin to suck a crust of bread or a piece of rare beef. Summer complaint comes from improper food, or overfeeding, or foul air. Wash your children often. Never neglect looseness of bowels in an infant.

When an infant is fed on cow's milk, the milk often curdles, and the stomach has to be relieved. This is generally done by vomiting. A little lime-water is sometimes added to cow's milk to prevent this.

A little warm catnip-tea or aniseed-water will sometimes relieve and quiet a baby when troubled with wind and will also relieve hiccough. A small pinch of fine sugar will sometimes relieve hiccough.

Avoid giving opiates to quiet a child or make it sleep. When the mother cannot nurse the child, use Cereal Milk.

Milk of Magnesia.

The most effective Aperient and Antacid known. It is especially valuable,

FIRST, In disorders of the Stomach, Indigestion, Sick Headache, Nausea, Costiveness, Flatulency.

SECOND, In all complaints of Infancy, whether arising from Indigestion, Imperfect Dentition, or Impurity of the Blood.

THIRD, As a Laxative, removing causes of Constipation.

FOURTH, As a Preventive of Sourness of Food in the Stomach.

FIFTH, As the unfailing and acceptable remedy for the Nausea incidental to Pregnancy.

PHOSPHO-NUTRITINE.

A new and important preparation of the soluble Wheat Phosphates. Tonic, digestive, and highly nutritive.

A vitalizing Tonic, superior to all others; entirely devoid of Alcoholic Stimulant; relieving Mental and Physical Prostration. An agreeable substitute for Nauseous Drugs and Liquors; more naturally efficient, yet entirely free from their unpleasant effects and disastrous tendencies.

Its immediate and permanent beneficial effects are recognized in Dyspepsia, Consumption, Scrofula, or any Deterioration of the Blood. In Neuralgia and Nervous Affections. In Languor, Debility, and Loss of Ambition. In Impairments of the Brain, and in complaints that follow Overtaxing the System.

To Members of the Profession, to Merchants, to Students, and to all whose pursuits demand intellectual activity, and therefore draw heavily upon their vital powers, Phospho-Nutritine has proven itself to be the thing desired.

In contrast with other preparations pressed upon the public, as of value in Nervous Affections, it is to be understood that

Phospho-Nutritine does not Stimulate. Phospho-Nutritine Energizes.

PHILLIPS' PALATABLE COD-LIVER OIL.

IN COMBINATION WITH

PHOSPHO-NUTRITINE.

A pure, perfect, pleasant, powerful Preparation. Mixes with water in all proportions, forming a most Palatable and Invigorating Diet. For use in Consumption, Scrofula, and Wasting Diseases.

This combination is a perfect preparation of pure Norwegian Cod-Liver Oil and Phospho-Nutritine as found in White Wheat, retaining all the remedial and nutritive principles of each, compounded in accordance with scientific principles under our direct supervision. The Medical Profession, as far as we have been able to reach, have unhesitatingly preferred Phillips' "Palatable" for these reasons: **FIRST**, The abundance of the best Cod-Liver Oil in its natural condition, the universally accepted agent in the treatment of Consumption and Emaciation.

SECOND, The vitalizing power of Phospho-Nutritine, building up with the Phosphates.

THIRD, The Absence of Saponifying results, destroying the properties of the oil, making of the stomach a receptacle for soft soap, the more common error in emulsions, particularly those in which Hypophosphites are present.

FOURTH, The minute subdivision of the oil globules, permitting and demanding its administration with water, assuring thorough assimilation.

FIFTH, Its acceptability and retention by all; the stomachs of some, especially females, having rejected all other preparations.

THE ABOVE PREPARATIONS PREPARED ONLY BY

CHARLES H. PHILLIPS, Manufacturing Chemist, 2 and 4 PLATT ST., NEW YORK.

Healy's Life Cordial

Are standard preparations, and have won a reputation that entitles them to be classed with legitimate therapeutics rather than proprietary medicines.

HEALY'S TONIC PILLS

ARE AN INFALLIBLE CURE FOR

Prolapsus Uteri, Inflammation, Ulceration, Excessive Pain, Leucorrhœa, Menorrhagia, Amenorrhœa, Dysmenorrhœa, Sterility, Sense of Weight, Backache, and all Female Weaknesses.

They energize and restore contractility to the debilitated muscles, heal inflamed mucous linings and areolar tissues, change the secretions from disease to health, and give tone to the entire system. Their use removes permanently all necessity for mechanical contrivances and so-called supports, the pressure of which frequently injures the internal viscera, and does the patient harm. They are wholly unequalled for the diseases of women.

Mailed upon receipt of Price, \$1.00 per box; 6 boxes, \$5.00.

HEALY'S LIFE CORDIAL

Is a delicious Vegetable Tonic for the Stomach, Liver, and Blood. It is a cure for Kidney Diseases, Incipient Paralysis, and Poor Circulation.

Price, \$1.00 per bottle; 6 bottles, \$5.00.

Sold by Druggists.

HEALY'S PHYSIOLOGICAL FACTS.

Sixteen pages of vital interest to invalid women. Supplied for the circulation of the trade, or sent for stamp. Address all letters and orders to

SINGING BIRDS.

New-York Bird Store, 9 BOWDOIN SQUARE, BOSTON.

Canaries, Goldfinches, Linnets,
Bulfinches, Mocking Birds,
Thrushes, Parrots, and
Nightingales.

OUR BRASS CAGES

All have HOLDEN'S PATENT-CUPS on Doors, and are covered so seed cannot be scattered.

HOLDEN'S BOOK ON BIRDS.

Holden's (new) *Book on Birds* is the authority on matting, raising, proper food and care of all cage-birds. It tells you how to keep a bird in health and song. If your bird is sick, it tells you how to cure him. If you wish to tame a bird, it tells you how to do it. It treats on over 300 different subjects, and is filled with reliable information

on all birds, whether European or American, that are kept caged, either for beauty of plumage, or elegance of song. If you wish to mate birds, and raise beautiful canaries, this book tells you how to do it. If you wish to train a bird to perform tricks, this is the book you want. It has 128 pages, and each article is elegantly illustrated. It will be sent by mail, post-paid, for twenty-five cents.

HOLDEN'S BIRD-CURES.

Holden's Bird-Cures, carefully prepared after a long experience in the care of all kinds of birds, are recommended for birds which, from various causes, are out of song, either because they are sick, or are infested with vermin. We put these cures up in suitable form for mailing, and send them to any address, with full directions for use with each package, postage prepaid, for twenty-five cents per package, or five packages of cures or insect-powder, one dollar.

Cure No. 1. For Diarrhœa.
" 2. " Constipation.
" 3. " Debility.

Cure No. 4. Cold or Moulting.
" 5. Asthma or Loss of Voice.
" 6. Sore Feet.

INSECT POWDER.

Holden's German Insect Powder, a special importation, sent post-paid for twenty-five cents, is the only powder *harmless* to birds, and a *sure destroyer* of vermin. Full directions accompany each package. For any of the above, address

GEORGE H. HOLDEN, New-York Bird Store, 9 Bowdoin Square, Boston, Mass.

SEEDS AND FOODS.

The seeds and foods offered for sale comprise every thing that is proper to feed any bird.

If you wish any bird to thrive and sing well, good fresh seeds and foods are absolutely necessary. There is as much difference in seeds as in tea or flour. As we sell large quantities, we always have *fresh* seeds, and keep only the best grades of Sielly canary, German summer rape, and domestic millet, which are mixed, one-third each, for canaries, at all times of the year.

Birds and cages are sent safely by express, and all seeds and food by express or mail.

NEW YORK, Jan., 1869.

Messrs. SHAFER & HAMILTON:

Gentlemen, — Desiring to produce a line of Candies flavored with the Pure Juices of Fruits, we tested the bottled juices put up by various parties, and found that *none* of them would yield a fresh flavor, and all of

them became acid on exposure to the air. Hearing of your articles, we gave them a trial, and have continued to use them with the best success, as all who have tested our delicious Fruit Candies will testify. The *fresh flavor of the fruits*, in all their delicacy, is retained in the juices put up by you.

Yours truly,

P. B. HOWLAND,
Secretary U. S. Confection Co.

MR. I. C. SHAFER, New York:

NEW ORLEANS, Feb. 13. 1871.

Dear Sir, — The Fruit Juices, etc., I have received from you have given fullest satisfaction to the parties purchasing them. They retain their pure flavor without change in our climate, and are the best I have seen.

Yours very truly,

T. J. WATERMAN,
Dealer in Soda Water Apparatus and Materials.

404 OLIVE STREET, St. LOUIS, Mo., May 23, 1877.

MR. I. CALVIN SHAFER, New York:

Your Juices are the best I have ever used. I have heretofore used mostly the French.

P. P. BROWN,
Manufacturing Confectioner.

TO THE TRADE. — After twelve years' experience in competition with all the foreign and domestic *Fruit Juices*, I am fully satisfied that a reference to a few of the testimonials attached hereto will convince the most sceptical that our goods stand without a peer in this country, and to all who desire to produce a fine beverage from Soda Water, or Ice Water, they offer, in addition to their delicate and marked fruit flavors, the following advantages, which at once commend them to all dealers, regardless of price: —

They are made entirely from our most carefully selected and highest flavored domestic fruits; and by a process peculiarly our own, *will not ferment, whether exposed to the air or otherwise in any climate*. They derive their rich and beautiful colors entirely from the fruit, and therefore contain *no artificial or deleterious coloring matter*, and are always *clear and transparent and entirely free from sediment* — the common and inevitable fault of all other fruit juices put up by the air-tight process.

They need no boiling with sugar or filtering, and if your simple syrup is clear, the simple addition and mixing of our juices in the proportion required (one part of juice to five of simple syrup) completes your manufacture of rich, clear and transparent Fruit Syrup, at a great saving of time, labor, and annoyance. Thanking you for your many past favors, I would ask your continuance. Respectfully, I. CALVIN SHAFER.

TO CONFECTIONERS. — I have prepared, this year, a line of Juices of exactly double the strength of the above, for flavoring Ice Cream, Cake, and Candies. Price per gallon, \$6. Per dozen quarts, \$18. Order CONFECTIONERS' JUICES.

Manufactured from the Blackberry Juice and Root, and pure Imported French Brandy, especially for *Medicinal Use*, by

I. CALVIN SHAFFER - - - 76 CORTLANDT STREET, NEW YORK.

The general demand for a *pure* Blackberry Brandy for family use, as a preventive of, and remedy for Diarrhœa, Colic, and similar derangements of the system, has induced the undersigned to prepare an article which fully meets the requirement, and can be prescribed and recommended by the physician, and taken by adult or child with perfect reliance as to its purity and efficacy. Being prepared from the fruit and root of the Blackberry, in combination with imported French Brandy, this remedial agent is presented in the most efficient form known, and the undersigned trusts that his established reputation, of many years' standing, as a manufacturer of similar preparations, will serve as a guaranty for the recommendation of this as the *purest and best article of its kind in the market*. Put up in Half-Pint, Pint, and Quart Bottles, one dozen in a case.

TESTIMONIALS.

MONTCLAIR, N. J., February 9, 1879.
MY DEAR MR. SHAFFER:—I testify with pleasure to the value of your “Medicinal Blackberry Brandy,” which I was induced to try by your statement (in which I place the utmost confidence), that it was composed essentially of *good Brandy*, with a definite quantity of Fluid Extract of Blackberry Root. You can well depend on the excellence of the articles which enter into its composition, for your success in obtaining orders when once it is known that you have unequalled facilities for obtaining the best materials and the disposition to make the best use of them.

Very truly yours,
J. W. PINKHAM, M. D.
218 & 220 Greenwich Street, New York, February 18, 1879.

MR. I. CALVIN SHAFFER:

Dear Sir,—We have sold your “Medicinal Blackberry Brandy” for the past three years, with entire satisfaction to our trade, and believe it to be the best article of its kind in the market.

Yours truly,
HALL & RUCKEL, Wholesale Druggists.
MONTCLAIR, N. J., December 15, 1877.

MR. I. CALVIN SHAFFER, 76 Cortlandt Street, New York.

Sir,—Being afflicted with a severe attack of *Summer Complaint* in the month of August last, I procured a bottle of your “Medicinal Blackberry Brandy,” and used it with the most gratifying results. I gave a part of it to one of my friends troubled with the same difficulty, and it, as in my case, speedily effected a permanent cure. I regard it as a very valuable medicine.

Very respectfully yours,
MASON LOOMIS, Civil Engineer.
111 Broadway, New York, February 15, 1878.

I. CALVIN SHAFFER, New York City.

Dear Sir,—I had a physician's daily attendance for some time last summer, on a boy of eighteen months old, who was suffering from *Cholera Infantum*. I was directed to your place of business to purchase Brandy, which led to your suggesting (after my informing you of the case), a trial of your “Medicinal Blackberry Brandy.” Had I secured such relief at the outbreak of the disease, the terrible suffering, the sympathetic watching and heavy expense would have been saved. I look at my little fellow now enjoying good health, and consider that I have every reason to feel grateful for the suggested trial and the wondrous cure it effected,—a life saved, that for weeks I despaired of. It gives me great pleasure to recommend it, and I can assure you of my unbounded appreciation of its efficacy.

Yours very truly,
GEO. O. WHEELER, Architect.
JERSEY CITY, N. J., February 20, 1879.

MR. I. CALVIN SHAFFER:

Dear Sir,—We have been selling your “Medicinal Blackberry Brandy” for the past three years with great satisfaction, and believe it to be an excellent remedy for diarrhœa, and the best article of its kind in the country.

Very truly yours,
TURNER & BENNELL,
Dealers in Fine Teas, Wines and Groceries.
NEWARK, N. J., January 20, 1879.

MR. I. CALVIN SHAFFER:

Dear Sir.—During the past season I purchased several bottles of your “Medicinal Blackberry Brandy” for use in my family and among my employees as a cure for diarrhœa, and have found in every case that it effected a speedy cure, and I think that every family would do well to keep a bottle of it on hand, as I certainly shall.

Very respectfully,
PAUL BUCHANAN,
Pres't Newark and Irvington Horse R. R. Co.

ESTABLISHED 1839.

Guaranteed Circulation Larger than any other agricultural paper in America.

The American Cultivator.

A weekly Agricultural and Family Newspaper, with a *bona-fide*

CIRCULATION OF 33,000.

A well-established agricultural paper is at this time a superior medium for advertising; since farm-produce is both abundant and of increased value, leaving the farmers more surplus money than has occurred before during the past five years, and vastly more than any other large class of citizens.

THE AMERICAN CULTIVATOR

Is an advertising medium of intrinsic and recognized value.

Its subscription lists are always open to the inspection of advertisers. Its columns are patronized by the shrewdest and most successful advertisers.

Its rates are exceedingly low, considering its vast circulation.

It circulates principally in New England, New York, and the Middle States.

Its readers are among those who liberally patronize advertised goods.

WHOLESALE DRUGGISTS, BOSTON.

TO DRUGGISTS AND COUNTRY MERCHANTS.

We would call your earnest attention to our well-known preparation

As the most Reliable and Salable Remedy of the Age for all complaints of the
STOMACH, LIVER, AND BOWELS.

It is particularly adapted to the wants of all persons living in a bilious climate, or of a bilious habit. It is in the form of a powder carefully prepared, and put up in handsome flint-glass bottles.

It has the sanction of, and is daily prescribed by, our best physicians; and you can recommend its use to your customer with full confidence that it will perform all we claim for it.

Medicinally it holds great advantage over the common Seidlitz powders, and is more portable and economical, each bottle containing from thirty to forty doses.

We shall continue a liberal system of advertising, and shall be pleased to furnish you with Glass Signs, Circulars, Cards, Posters, &c.

It is for sale by all Wholesale Drug and Patent Medicine Houses in the United States, Canadas, West Indies, South America, and Mexico.

ZADELIN

The Best Remedy for Chapped Hands, Chafed or
Rough Skin, Sunburn, Eruptions on the
Face, Sore Lips, &c., &c.

ZADELIN

— TRADE MARK —

As a cure for **Chapped Hands** it has no equal.

Chafed or Rough Skin is rendered soft and healthy by a few applications, and kept so by occasional use.

The effects of **Sunburn** are quickly removed by freely bathing.

Two or three teaspoonfuls added to a basin of water will render it delightfully soft and agreeable.

Gentlemen whose skin is inclined to be tender after shaving, will find it indispensable, as it entirely prevents any soreness or irritation.

In the **Nursery**, as a remedy for **Chafing**, it has only to be tried, to prove itself superior to all **Powders**.

Ladies will find it a valuable article for the Toilet, as it makes an elegant dressing for the hair, rendering it soft and glossy, and at the same time keeping it in any required form.

PRICE, 25 CENTS PER BOTTLE.

P. J. McELROY, PRACTICAL GLASS BLOWER,

MANUFACTURER OF

McELROY'S PATENT GLASS SYRINGES, GLASS TUBES, AND TUBING

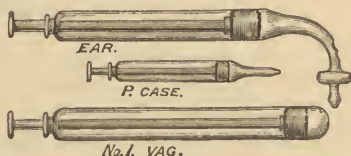

OF EVERY DESCRIPTION,

No. 137 BRIDGE STREET, EAST CAMBRIDGE, MASS.

ALL GOODS DELIVERED IN BOSTON FREE OF CHARGE.

In calling your attention to my goods, I would simply say they are the best that can be made. They will stand more rough usage, without breaking, than those of any other make. **FIRST**, They are made of the best material. **SECOND**, The rubber washers on the

pistons prevent them from breaking while in use. **THIRD**, They are thoroughly packed, so that it is not necessary to repack them, which is often the case with all others; and as complete Glass Syringes they are **superior** to any thing offered to the trade. In proof of my statements, please read the following

Testimonials from the Principal Druggists of Boston and Elsewhere:

We have sold more of McELROY'S SYRINGES for the past three years than any other kind. They give good satisfaction, and we consider them the best in the market.

THE FOOD REMEDY, PHOSPHATINE.

AN ALMOST CERTAIN CURE FOR

Consumption, Dyspepsia, Wasting and
Nervous Diseases.

Phosphatine is one of the few compounds of the day that stands approved by the medical profession. It is *not* a medicine, but a **Perfect Phosphatic Food**, capable of exciting the appetite, promoting digestion and assimilation, improving the quality of the blood, restoring tone to the nerves, strengthening the muscles, and remedying the first cause of disease, — **Malnutrition**.

Caution. — Phosphatine should not be confounded with any preparation of Hypophosphites, Acid Phosphate, &c.

Your attention is also called to our other specialties: viz., **Persian Liment**, **Dental Wafers**, for the teeth; **Violet Bloom** for the complexion; and the **Pile Remedies**, the best in the world.

Send for full descriptive circulars and price-lists.

BOSTON, MASS.

ELECTRICITY A SAFEGUARD OF LIFE.

The only known method of securing a prolonged application of primary electricity to the chest is by the use of

Dr. Austin's Electric Lung Pad.

Its merits speak for themselves.

As a protection against **Colds**, **Coughs**, and all **Lung Diseases**, and for the relief of **Muscular Paralysis** and **Neuralgia of the Chest**, also in the treatment of **Cough**, **Bronchitis**, **Pneumonia**, and **Consumption**, the Pad stands without an equal.

With proper care, the **Electric Lung Pad** will last a life-time.

It is perfectly safe to wear, is easy of application, may be worn or laid aside at pleasure, has lasting qualities, and invariably proves its excellence to both sick and well.

Druggists will do well to inquire into and push the **Electric Lung Pad**.

MRS. LINUS BELCHER'S VEGETABLE MEDICINE.

CURE FOR FEMALE WEAKNESS.

Its effects are wonderful in the Relief and Cure of the following Diseases:—

Prolapsus Uteri, Nervous Debility, Weakness of the Back and Limbs, Dyspepsia, Palpitation of the Heart, Depression of Spirits, Irregularities, Change of Life, Whites, Dropsical Affections, Billousness, Inflammation of Kidneys, Headache, Spinal Complaint, Rheumatism, Dizziness in the Head, Salt Rheum, and all Humors from the Face in two to four months; makes new Blood, and strengthens the whole system.

It is made from an Indian Receipt, is Entirely Vegetable, and Cures without Supporters.

UNSOLICITED TESTIMONIALS.

CANAAN, N.H., Aug. 29, 1879. "

CURE. MY DEAR MRS. BELCHER, — With this I send the money for medicine sent me a few days since. Many thanks for your kindness, and may you long live to bless the world with your "Invaluable Medicine," and ever keep it pure, as you have done. My husband suffered very much from Scrofula twenty years; but his sufferings were all cured by your medicine, and his health is very good. He is sixty-two years of age Sept. 1.

My son, of twenty-seven, was very low last fall. Physicians called his disease Consumption of the Blood,—inward Scrofula. Medicine had no effect but a few weeks. We thought he must die in a few months at most. In March I persuaded him to try your medicine. He took nearly a bottle in a week. Just before the second bottle was taken up, the humor made its appearance on his face. He took six bottles, began to drink from one pint to three in a day of new milk, eating nourishing food, and has been able to work hard at haying and other heavy work through the summer. For Scrofula and Female Complaints your medicine is the best in the world in my humble opinion.

MARY A. JONES.

CURE. DEAR MRS. BELCHER, — Enclosed is five dollars. Will you send me six bottles of your excellent medicine for female weakness as soon as convenient? I am suffering from general debility. I think that your medicine, for strengthening and invigorating the system, is the best I ever took.

Yours, &c., MRS. JOSEPH TERRY, Hartford, Conn., June 10, 1869.

AUBURN, ME., March 1, 1878.

CURE. MRS. BELCHER, — I was sick two years ago this spring with weakly troubles. I thought I could never be any better. My physician was a druggist, and advised me to try some of your cure. I did so, but had no faith that it would help me. I sincerely believe that I should have been numbered with the dead, if I had not taken your valuable medicine. Yours truly,

MISS I. C. STANCHFIELD.

CHELSEA, MASS., March 31, 1868.

CURE. MRS. BELCHER, — I feel it due you for me to state the benefit I have received from your medicine. You wrote last July; and I commenced taking it. Before I had taken three bottles my troubles stopped. My husband said go through. I took four bottles, and had no return of my complaint. I shall recommend it to my friends; but people are so unwilling to try new medicine. I thank my heavenly Father, and I thank you. May God ever bless your endeavors to do good, and give you a happy home in heaven at last, where there shall be no more pain, and all tears shall be wiped away!

With kind regards, I am truly yours,
MARY ANN WILSON, 61 years of age.

Prepared and Sold by Mrs. LINUS BELCHER, Randolph, Mass.

To whom all letters of inquiry should be addressed. Price ONE DOLLAR per Bottle, or Six for FIVE DOLLARS. Sent by Express, or according to directions, on receipt of the money, enclosed in a letter.

THE ONLY CASH CONFECTIONER IN THE UNITED STATES.

Fine Confectionery!

STILL ANOTHER REDUCTION IN PRICES!

To the Trade. — Through your liberal patronage I am enabled to still increase and enlarge my business; and I ask your attention to the fact that I have secured a ten years' lease of apartments in the well-known WAKEFIELD BLOCK, opposite the Boston and Maine Railroad Depot, a few steps from Haymarket Square, giving me a spacious salesroom on the ground-floor, and manufacturing rooms second to none in the country.

This building being one of three of the largest in Boston, therefore affording me nearly half an acre in one room, unobstructed by partitions or walls. This advantage alone must give me facilities in making my goods enjoyed by no other.

If you do not wish to pay for Candy until you have received and examined it, furnish me with references, asking you to bear in mind that you are to return goods or remit on examination.

~~Now~~ I make a discount of one per cent on the dollar on all remittances received before the goods leave my manufactory; this discount is made on no other condition.

If you are dissatisfied with your goods after examination, return them, and I will return your money. Enclose me one dollar by mail, and I will send by return express a SAMPLE BOX of these goods, sixty-four different kinds of Candy. Pay your freight or express and money collections. No charge for cartage in Boston.

BARNEY'S MYROLEUM

TOILET

SOAPS

Are made from pure vegetable oils, combined with perfectly deodorized and delicately perfumed petroleum, so as to retain the well-known healing qualities of the latter, in connection with the cleansing, softening, and cooling elements of **THE BEST TOILET AND SHAVING SOAPS**. Their effect is to purify the skin and to fortify it against disease, and is indispensable to travellers who may be exposed to contagious diseases.

BARNEY'S MYROLEUM

SHAVING

SOAP

Excels all others for its *soothing and healing properties* where the skin is tender, or is cut in the process of shaving. Where humor in the face renders shaving painful, this soap will prove itself invaluable. It softens the beard; and shaving with it is a pleasure, the skin being left soft and cool. These soaps are a *sure cure* for Salt Rheum, Barber's Itch, Pimples, and all cutaneous diseases. Sold by druggists and grocers.

We warrant all our goods to be made of the finest material, and in the best manner. Our patrons may depend upon getting the TRUE article when ordering, and one always reliable and uniform. Our prices will compare favorably with those of any other manufacturer.

GRANULATED

EXTRACT OF MALT.

PREPARED FROM CANADA BARLEY.

Since its first introduction by us, this granulated extract has found favor with the Medical Profession. It is much preferable to the liquid preparations, being more easy and elegant for administration and transportation, and absolutely free from any tendency to ferment or mould.

CARD.—TO OUR TRADE.

We take special pleasure in calling the attention of our Customers to the following advertisement of Messrs. JOHN WYETH & BROTHER.

During the years we have been in business we have always sold the products of this house with feelings of confidence and security.

Their high standing with the trade in all sections of the country, and our long and intimate business connection with them, warrants us in asking the same confidence on the part of our friends.

SMITH, DOOLITTLE, & SMITH.

JOHN WYETH & BROTHER, Manufacturing Chemists, PHILADELPHIA.

We make no claim for proprietorship in regard to our goods. We only assert the excellent quality of the material employed, and the skill and accuracy with which they are manufactured. Our labels give the exact contents and combination of each preparation. They are manufactured and intended for administration through the medium of the Medical Profession exclusively. All of our products, as also those for which we are agents, are now dispensed by all the leading Druggists, and are regularly prescribed by a large majority of the Physicians of America and Great Britain, being preferred on account of their superior quality, strength, elegance, and agreeable flavor. Both at the Centennial Exhibition in Philadelphia and at the Exposition in Paris we were awarded the highest testimonials for Progress in Pharmacy, Superiority of Manufacture, Precision in Admixture, and quality of material employed.

Price-Lists and Descriptive Catalogues of all our products will be sent free of charge to any section of the country upon application. Special information in regard to any article of our manufacture will be gladly furnished to those who may desire more minute particulars.

ELEGANT PHARMACEUTICAL PREPARATIONS,

EMBRACING

MEDICINAL ELIXIRS, SYRUPS, WINES, LIQUORS, Etc.

These represent the strength and activity of the ingredients, without the disagreeable taste, as usually made or extemporaneously prepared.

COMPRESSED POWDERS (OR PILLS).

Made from dry powders, altogether free from coatings, excipients, or other extraneous matter; are smaller in size, more speedily soluble, do not change by keeping, and have none of the objections so often urged by medical men against coated pills. Our list embraces all the formulæ in use. **The Compressed Tablets of Chlorate of Potash, Bi-carbonate of Potash, Bi-carbonate Soda, and Peptonic Pills** are among those most widely known and universally prescribed.

MEDICINAL FLUID EXTRACTS.

Unrivalled in Strength, Beauty, and Activity. Made from the choicest material in accordance with the most advanced science in regard to the properties of each article. A pound of Fluid Extract represents a pound of selected drug. We solicit the most critical and exhaustive tests for our Fluid Extracts.

DIALYSED IRON.

The value of this Chalybeate is becoming more pronounced every day. That manufactured by our house is recognized as the standard preparation throughout the country.

SACCHARATED AND PURE PEPSIN.

Made from the fresh stomach of the pig, entirely free from odor and all impurities. Directions for testing its digestive power accompany each package or sample. The Pepsin made by us is about double the strength of that usually sold.

WE ARE AGENTS FOR

ALFRED BISHOP'S GRANULATED SALTS.

The Salts manufactured by Mr. Bishop are the only ones that have given unqualified satisfaction. We invite the most careful examination and comparison with other like preparations, feeling confident of their superior merits.

MARVIN'S COD-LIVER OIL.

MARVIN BROTHERS & BARTLETT, Portsmouth, N.H.

The only manufacturers who prepare Cod-Liver Oil exclusively for medicinal use.

LAWTON'S ABSORBENT COTTON.

An economical, pure, and convenient substitute for Patent Lint, Charpie, and Sponge, for the use of Surgeons, Gynecologists, Dentists, and Photographers. Powerfully absorbent, uniform fine quality, pure white color, and exquisite softness. The article furnished by us will be found superior to any other, and the price very much less.

SPECIAL LIST OF FLUID EXTRACTS

Manufactured by Parke, Davis, & Co., Detroit, Mich.

NOTE.—The Fluid Extracts manufactured by Messrs. Parke, Davis, & Co., are now thoroughly introduced throughout New England. We have received from the trade the most flattering response in answer to inquiries as to their reliability; and we take pleasure in stating that we have accepted the sole agency for their manufacture for this city, and shall keep constantly in stock an entire line.

We guarantee them to be standard goods; and the ready response that Messrs. Parke, Davis, & Co. make to all requests for manufactures of articles not on their list, enables us to offer the most extensive line in the United States.

Our friends will notice a reduction in list prices, which necessitates also a reduction in rate of discount heretofore given.

We will forward by mail, on application, a descriptive Catalogue of Messrs. Parke, Davis, & Co.'s manufactures.

Prices subject to 20% discount.

TO CONSUMERS OF BRANDIES.

For the benefit of our friends whose sales of Brandies for medicinal use make them desirous of obtaining authentic information as to its manufacture, we append extracts from a letter written by a gentleman whose residence for years in the Brandy Districts in France renders his opinion one of value.

SMITH, DOOLITTLE, & SMITH.

BARBEZIEUX, NEAR COGNAC.

Dear Sirs,—Having been in this region for many years, and having made brandy-making a study, I am enabled to furnish you such facts as may throw new light upon the subject.

The division of brandies in France is, 1st, Grande Champagne, or Fine Champagne Brandy; 2d, Petite Champagne, or Cognac Brandy; 3d, Fine Bois, or Brandy; 4th, La Rochelle, or Common Brandy. The Grande Champagne Brandy is made entirely in this district, which, the maps will tell you, is of a very limited area. It is sold by the manufacturers, "Messrs. Bontellier Fils," largely for mixing, in other districts, cheaper brandies; but within a few years they have established an agency in your country, and are now shipping the Grande Champagne Brandy to your people.

Brandy is kept here in large vats, holding about a hundred and fifty casks, each made of Limoges oak, in which it remains until sold. It is important that these vats should be made of that particular kind of oak. The taste and color are thereby improved. If brandy, either for shipment or for keeping, is put in ordinary oak casks, it will not at first present any difference in appearance from that kept in Limoges oak packages; but in a short time the change will be apparent.

From the map of the brandy district you will see that Barbezieux is situated in the district known as the Grande Champagne. From the very heart of this district I write this letter. This is an estate—considered large for this country—which has been in the family of Messrs. Bontellier Fils for four generations. The brandy is treated here with the utmost care. They replant their stock of grapes by purchasing from the farmers owning land adjoining, and who are known to treat their crops with the greatest possible care. All the brandy of one year is put in a place by itself, and there it remains undisturbed until called for by the American or English agents. The brandy is then poured into the best Limoges oak casks, and shipped direct in bond to the customers from whom the orders are received. Few of the houses in this region do their business in so direct a manner. Adulterations and mixtures are thus impossible between the producer and the consumer. It takes time for fraud to be made manifest, and for the mixture to be revealed; and thus the dealers cannot be sure of the quality furnished them by their agents. If it is kept in a cask for a year the quality will be made manifest. The makers of pure brandy here can tell as well how the liquor will be a year hence as the gardener knows what flower will be produced from a certain seed which he plants in the ground. Brandy, then, sent from here last year is better than that sent at the present time. The older its age the better its quality wherever it is kept. If persons desire to keep brandy for improvement, then it pays them to buy the best and pay the advanced price. If they purchase the best qualities, and do not keep the brandy, then they have not had the full value of their money, and inferior brands would have answered their purpose.

The demand for the superior brandies has not been such in the United States in the past as to encourage manufacturers here; but in time it is believed customers will find that the request will not be, "Give me such vintage for such a price," but the question will be, "What vintage can you give me for such a price?" The prime manufacturers here think that their lot is a hard one, because it is possible to make a poor brandy have the same appearance and taste as a good brandy, for a time at least. If deception were not comparatively easy, there would be no deceivers. "What are people to do," they say, "so long as the purchase of brandy remains a question of price?" Competition will always force down the price. The quality, if necessary, will be degraded, and all kinds of tricks will be played to make the poor article appear like the superior kinds. It is believed, however, that the makers of prime brandy will find their encouragement in an increased demand from those who can give their products time to allow the good qualities to be thoroughly developed before consumption can take place. An agent for a house in your city reports to the firm here that druggists seek for the pure brandy perhaps more than any other class, as they are desirous of purchasing the purest articles for their customers and invalids. They know the harm that can be produced with brandy mixed with alcohol, as well as the benefits that accrue to invalids or sick persons from the use of a pure old brandy, too well not to do all in their power to secure that which will best answer the purpose required. Thus, by degrees, the request for old pure brandies, even in the United States, is increasing, slowly it is true, but sufficiently to encourage a few old-established houses here to adhere to the making of pure brandy, discountenancing all adulterating, and exposing all those engaged in the work of fraud, of whom, it is humiliating to confess, France, even in the Cognac region, furnishes her full quota.

CRAM'S FLUID LIGHTNING.

(TRADE-MARK.)

The Instant Cure for Neuralgia, Nervous Headache, and all Nervous Pains. \$1.00 per bottle. Trial size, 50 cents.

The following are samples of thousands of Letters received:—

HOLLING, DOUGLAS Co., KAN., March 9, 1878.

"I write to tell you of my success with your King of Pain, FLUID LIGHTNING. I am surprised at its wonderful effect; first for Rheumatism on myself. I have been troubled with it for two years past, and worse nights, so that my sleep was very irregular, and often anxious for morning to come, so I might rise from my couch of pain. I applied it promptly on its arrival, just before going to bed, and soon fell into a sweet sleep and enjoyed quiet all night; arose refreshed and free from pain, and started immediately to try it on one of my neighbors, an old gent who had Rheumatism in his hip and thigh. One application relieved him, and a second has done what seems a cure. He complains no more of pain from that source. His wife has suffered dally with headache for eleven years. I applied it to her head, and lo, in five minutes, she had it no more for two days, when it returned; but it yields to its magic effects as soon as applied. Several others have tried it for headache with like effect.

"Our family has tried the HELPING HAND with gratifying results for Earache and Sick Stomach.

"The SWEDISH LUNG CURE is being used by a young man in consumption, given over by physicians, and he says it is apparently doing more good than all he has ever used before. E. A. SAWIN."

"JUMPING FROM HELL TO HEAVEN."

Mr. Ball, Steward of the Cunard Steamship "China," writes, Feb. 15, 1878: "I thank you a thousand times for the Fluid Lightning for Neuralgia; it cured me on the first using. It was like jumping from hell to heaven. I have used it on twenty or thirty persons, and it has acted like a charm. It cured the Chief Engineer of Toothache and Douloureux. It is capital stuff."

PROF. EDISON, ELECTRICIAN, USES IT.

MENLO PARK, N.J., Oct. 30, 1878.

"MESSRS. CRAM AND MELCHER, CHICAGO, ILL. Dear Sirs,—The bottle of Fluid Lightning was duly received. Please accept my thanks for your kindness. I experienced immediate relief from its use. Very truly, T. A. EDISON."

From the Rev. HENRY G. PERRY, M.A., of All Saints' Episcopal Parish, Chicago, Ill.

CHICAGO, ILL., Aug. 20, 1879.

"Having had several years' experience with your Fluid Lightning, Specific for Neuralgia, Rheumatic and other pains, I will say that it proves highly efficacious in these cases; and I know of its affording almost immediate relief to those long suffering tortures of Nervous Headaches, Toothache, Tic Douloureux, and similar affections in various parts of the body. Personally I have derived appreciable benefit from its use. Sincerely yours, HENRY G. PERRY, M.A."

"A SKIN OF BEAUTY IS A JOY FOREVER."

Every woman should be beautiful, just as every man should be dutiful. But no woman, however elegantly formed or splendidly developed, can be beautiful unless her "human face divine" is free from all spot or blemish. And this is the case with very few women, unless they use Dr. GOURAUD'S ORIENTAL CREAM, as thousands of testimonials to this effect from distinguished artists and celebrated belles throughout the country will prove.

DR. T. FELIX GOURAUD'S

Genuine Preparations.

Every blemish on beauty is quickly removed
by Dr. T. FELIX GOURAUD'S

ORIENTAL CREAM,

OR

MAGICAL BEAUTIFIER.

It elicits a clear, transparent complexion, free from Tan, Freckles, or Moth Patches. The most popular for the Skin ever invented.

Indorsement of Gouraud's Oriental Cream by the distinguished Dr. L. A. SAYRE: A lady of the *haut ton*, a patient of Dr. Sayre, discoursing on the use of cosmetics, he remarked to the lady, "*As you ladies will use them, I recommend 'Gouraud's Oriental' as the least harmful of all the Skin preparations.*"

"Praise from Sir Hubert is praise indeed." Indorsed by the fashionable world. Invented by Dr. T. FELIX GOURAUD, the celebrated Chemist and Cosmetician. Price, \$1.50 per bottle.

ITALIAN MEDICATED SOAP

Cures Scaly Eruptions, Salt Rheum, Erysipelas, Ring-Worms, Flesh-Worms, Tan, Morpew, Inflamed Skin, Chafed and Chapped face and hands, and is a most delicious shaving compound. Price, 35 cents per Cake.

POUDRE SUBTILE, OR DEPILATORY POWDER,

Removes hair from low foreheads, upper lips, arms, hands, &c., instantaneously, on single application, and positively without injury to the skin. Price, \$1.00 per Bottle.

LILY WHITE, FOR THE COMPLEXION,

Rendering it smooth and snowy white. Price, 35 cents per Box.

LIQUID VEGETABLE ROUGE

Imparts a delicate, roseate tinge to the complexion, so closely imitating nature as to defy detection, and immovable by rubbing with cloth or handkerchief. Price, 50 cents per Bottle.

FOOD CURE, Blanchard's Tonic Extract Wheat (see page 193)	1 00	8 00

WHOLESALE DRUGGISTS, BOSTON.

THE BLANCHARD

CONCENTRATED

Blood AND Nerve Food,

OR TONIC EXTRACT OF WHEAT.

A LIQUID FOOD

Which INVIGORATES and SUSTAINS without stimulating. It contains in every quart the vital nutritive properties in a bushel of wheat, the Nerve and Brain building elements of which are concentrated in this preparation, so that for every disease where Nervous Debility is present (and this is the cause of most chronic diseases) this article of Food is a sure and permanent cure.

Having the Vital Nutritive properties of the wheat, we call it FOOD, as it really is a FOOD TONIC. It feeds and vitalizes the Blood and Nervous tissue, and regulates the digestive organs. By its assimilable properties it is readily absorbed into the circulation, and at once invigorates the impaired faculties.

Every disease associated with an IMPOVERISHED STATE of the BLOOD and general Nervous Prostration will receive from this preparation an immediate and permanent benefit.

All cases of Brain Waste are restored; Sleeplessness overcome; in fact the whole nervous system re-invigorated and restored.

This Food is adapted to the wants of young or old, male or female. It cures because it is a natural remedy, and has no drug element, being purely and simply a Wheat Tonic. Price, \$1.00 per Bottle, or Six for \$5.00.

SOLD BY ALL DRUGGISTS.

BLANCHARD FOOD CURE CO., NEW YORK.

TESTIMONIALS.

NEW YORK, Nov. 1, 1877.
From the practical tests I have given the Blanchard Foods, I think they will prove of great value to the invalid, and they should be thoroughly indorsed by the medical profession. EGBERT GUERNSEY, M.D., 18 West Twenty-third Street.

ANDOVER THEOLOGICAL SEMINARY, ANDOVER, MASS., March 29, 1878.
Your LIFE Food is an excellent thing. I have no hesitation, after a thorough trial of it, in recommending it in cases of chronic dyspepsia and nervous prostration. REV. DR. AUSTIN PHELPS.

NEW YORK, Oct. 2, 1877.
I have constantly prescribed the BLANCHARD TONIC EXTRACT OF WHEAT to my patients of all ages, from eighteen months to eighty-three years. In every case the result has been exactly that claimed.

It is by far the most valuable and reliable Tonic I have ever met with.

EDWARD SUTTON SMITH, M.D., 20 Irving Place.

FLUID MAGNESIA,

PREPARED BY

S. O. DUNBAR, - TAUNTON, MASS.

SUPERIOR TO ANY, ENGLISH OR AMERICAN.

A Diploma was Awarded to this Magnesia by the American Institute in 1852.

This very useful and elegant preparation is used as an Aperient Anti-Acid, in dyspeptic complaints attended with acidity, with very great benefit. It has the advantage over common Magnesia in being dissolved, and therefore not liable to accumulate in the bowels. It is decidedly superior to Carbonate of Soda or Potash, on account of its aperient quality.

This solution of Magnesia is found particularly beneficial as a pleasing sedative and aperient in all cases of *irritation, or acidity of the stomach, febrile complaints, infantile disorders, or SEA-SICKNESS.*

An ounce or two of this solution speedily removes heart-burn, acid eructations and sourness, or irregular digestion.

The solution is of itself an *aperient*, but its laxative properties can be much augmented by taking with it, or directly after it, a little *lemon-juice*, mixed with sugar and water, or even cream of tartar; in this manner a very agreeable effervescent draught can be safely taken at any time during fever or thirst.

The antiseptic qualities of this solution, owing to the presence of so much carbonic acid, have been found very valuable in putrid and other fevers. As a lotion for the mouth, it sweetens the breath, and the Magnesia clears the teeth from tartar.

The solution has almost invariably succeeded in removing the fits, spasms, and headaches to which delicate persons are subject from acids and crudities of the stomach and bowels.

DUNBAR'S FLUID MAGNESIA. — This hitherto unequalled preparation has gained the fullest confidence wherever it has been tried. It exceeds all other preparations in its anti-acid and anti-dyspeptic qualities, and, is eminently calculated to relieve heart-burn, irritability in pregnancy, and acidity and irritation in infantile diseases. It is safe for all ages and conditions of either sex, and, being a mild aperient, is peculiarly beneficial to persons of sedentary habits, or those who indulge at the table. Gout, gravel, scrofula, headache, and cutaneous diseases, and many other complaints, originate from acid derangement of the stomach, and defy the action of medicine until the primary disease is removed. Those who are troubled with these and would avoid them, should always be provided with a bottle of S. O. Dunbar's highly valued Fluid Magnesia.

A multitude of testimonials might be published, but a trial has never failed to give satisfaction. It is put up in bottles of one quart, one pint, and half-pint, and sold at unprecedented low prices. Directions in full accompany each bottle. — *Providence Journal.*

FLUID MAGNESIA, PREPARED BY S. O. DUNBAR, TAUNTON, MASS. — This very useful and elegant preparation is used with great benefit as an *aperient and anti-acid* in dyspeptic complaints. AYER'S CATHARTIC PILLS.

The most valuable home remedy for all purgative purposes.

FOR SALE BY ALL DRUGGISTS.

"So general has the public confidence become in Dr. Ayer's medicines, and so great the demand for them, that villains are attempting to deceive the unwary by imposing upon them their worthless nostrums under a similarity of name. Cherry Pectoral Lozenges, Dr. Ayer's Troches, Ayer's Pastilles for Coughs, Cherry Pectoral Cough-Drops, Ayer's Marsh and Ague Cure, Doct. Ayer's Indian Pills, and Cherry Pectoral Wine (none of which are of Dr. Ayer's manufacture or composition), are specimens of this villany and deceit. They not only defraud the sick of their money, but their health, or the recovery of their health, which is far more important than money. From actual counterfeits the people are protected by law, which the Doctor promptly enforces; but these evasions sometimes elude the law; and purchasers must protect themselves by refusing to be deceived by them." — *Dover (N.H.) Bee*.

McKESSON & ROBBINS' GELATINE-COATED PILLS CONTAINING QUININE AND OTHER CINCHONA ALKALOIDS.

The frequent changes in the price of Sulphate Quinine have led us to place pills containing this and other Alkaloids of Cinchona Bark in a list by themselves, for more convenient reference; our discount remains the same for both lists.

NOTE.—The advantages of a perfect coating of Gelatine are so obvious that many imitations of our Pills have been placed upon the market and called by different names, calculated to deceive the Profession as to their merits. We would call the attention of Physicians and Druggists to this fact, and request them to specify McK. & R.'s in their prescriptions and orders.

IMPORTANT TO PHYSICIANS!

The fact that Sulphate of Quinine is only soluble in over 700 parts of water is not generally known, or if known is not usually considered, except in prescriptions, when this difficulty is overcome by the addition of Acid; and the further fact that **Bi-Sulphate of Quinine** is soluble in **only 10 parts of water** is as little appreciated.

McKESSON & ROBBINS have paid much attention to the subject of putting Quinine into Pills, in a condition approaching that of a solution, and have at last succeeded in their **BI-SULPHATE OF QUININE PILLS**, and offer the same to the profession, confident that they will stand any test for solubility and prompt action. Physicians will please always specify **McK. & R. Bi-Sulph. Quinine Pills**, and they will not be disappointed in results.

Note.--With no reference to *respectable* druggists, we would say that cases have come to our knowledge and have been noted, where other pills have been substituted on prescriptions for ours.

POWDERED PURIFIED CHINOIDINE.

Containing all the Non-Crystalizable Alkaloids of Cinchona Bark.

Prices to the Trade, - - 10 ozs., 35 cents per oz.

Similar preparations have been lately offered in market AT HIGH PRICES under different fancy appellations, and claims made for the same as of equal efficiency with Quinine.

As a great demand exists for a cheap anti-malarial remedy, we introduce this preparation at low figures; and, in order that the profession may judge practically of its merits, will forward a sample to any physician's address, or mail one ounce upon receipt of FIFTY CENTS.

Yours respectfully,

McKESSON & ROBBINS,

Pharmacopœia and Surgical Plasters.

PARIS IN 1878. PHILADELPHIA IN 1876.

SEABURY & JOHNSON'S BELLADONNA PLASTER.

INCOMPARABLY THE BEST AND CHEAPEST.

We have labored patiently and conscientiously to convince the practitioner and druggist, by analysis, that our Belladonna Plaster contains the greatest amount of Atropine. Our sole aim and ambition is to furnish unimpeachable Pharmacopœia preparations. Physicians everywhere testify to the excellent quality of our manufactures.

ANALYSIS OF BELLADONNA PLASTER BY PROF. R. O. DOREMUS.

BELLEVUE HOSPITAL MEDICAL COLLEGE, NEW YORK, Sept. 7, 1878.

Gentlemen,—I obtained from Messrs. W. H. Schieffelin & Co. of this city samples of Belladonna Plasters, prepared by Grosvenor & Richards, Boston; Mitchell Novelty Plaster Works, Seabury & Johnson, New York and London. I have examined these varieties for the purpose of determining which possesses the largest quantity of Atropine. I employed equal surfaces of each, and *my analysis demonstrated that Seabury & Johnson's contains the greatest proportion of the active principle of Belladonna, and is the most reliable Plaster.*

WHOLESALE DRUGGISTS, BOSTON.

EAGLE METALLIC BRUSH CO.'S PATENTED BRUSHES.

SOLD BY SMITH, DOOLITTLE, & SMITH.

SOLD BY ALL FANCY-GOODS DEALERS.

The EAGLE METALLIC BRUSH Co. desire to call attention to their new improved and patented Metallic Hair-Brush, and to its superiority of style, strength, durability, and flexibility; also to the advantage it has over all other Brushes in the market in the manner of fastening the rubber by a *nickel-plated rim*, leaving the sides perfectly smooth, preventing the breaking or tearing out of the hair, and preventing the water from getting under the rubber in cleaning, thereby preserving it from rotting. We ask the Ladies' special attention to these facts, convinced they will find them confirmed.

The metal pins are inserted by a new process, causing the pins to yield and give in every possible way, and regain their position. The use of the brush upon the head and, passing through the hair, is always refreshing, cooling, and soothing, and causes an exhilarating sensation, particularly to the scalp, keeping it free from dandruff and other impurities, imparting new life and vitality to the hair (which no bristle brush can do), giving softness, strength, and beauty on account of the electricity produced by the metal pins and the cleanliness of the head,—a restful and quieting feeling being produced in cases of fatigue; and in case of headache its use will be found to be invaluable. This Brush answers for both comb and brush: it will not break, pull out, or catch the hair in brushing, passing easily through it to the scalp, leaving a pleasant, thrilling sensation.

Samples of Brushes sent by mail on receipt of list price.

THE
AUTOMATIC FILTERING
AND
PERCOLATING APPARATUS.

This Apparatus possesses the following advantages:—

It is self-acting, requiring no attention whatever after being started: there are no valves, stop-cocks, or other complications to get out of order, and practically there is no loss by evaporation.

DIRECTIONS FOR USE.

Hang the Apparatus from a nail driven firmly into the wall. (It is a convenience to have a row of nails at varying heights to suit different-sized bottles.) Unhook the reservoir from the board; unscrew the nozzle, fill with the funnel, and replace the nozzle, screwing it well on; return the funnel to the shelf; place filtering-paper within it; invert the reservoir over the funnel, and hang it at a height to suit the size of paper used. The sleeve may now be drawn down to prevent evaporation, and the filtration go on until the last drop has passed. Make it a rule to filter into a bottle of sufficient capacity to hold *all* of the liquid which has been placed in the reservoir: the matter may then be dismissed from the mind, and no accident will arise.

For making Tinctures a Glass Percolator is substituted for the funnel, which can be nearly filled with the drug. The displacement is perfect, as the drug is completely exhausted before the last portion of the fluid comes in contact with it. This is not the case when a large Percolator is used, and the menstruum is poured in at once.

PRICES.

Half-gallon, \$2.00. One gallon, \$2.75. Two gallons, \$3.50. Three gallons, \$4.00. Five gallons, \$5.00. Larger sizes made to order.

FOR THE HANDKERCHIEF.

Exhale the true odors of the flowers. Are uniform in strength and permanence of odor.

X. BAZIN'S UNRIVALLED SHAVING CREAM.

ROSE, ALMOND, AMBROSIAL.

X. Bazin's ^{HIGHLY}PERFUMED Pomade Philocome a-la-Rose.

Warranted to keep in any Climate.

X. BAZIN'S FINE TOILET SOAPS

Are guaranteed to be perfectly pure, and to contain no rosin, talc, or other deleterious substances, with which the so-called cheap soaps are "loaded," and the use of which irritates and roughens the skin; whereas using a pure soap keeps the skin healthy, and preserves its soft and velvety texture.

Our soaps may be used upon the most delicate skin, without causing the slightest irritation.

HARTMANN, LAIST, & CO.,

CINCINNATI, OHIO,

MANUFACTURERS OF

GLYCERIN,

Chemically Pure, Inodorous. Specific Gravity, 1.260.

ALSO

GLYCERIN FOR MANUFACTURING PURPOSES.

We have established, for the better accommodation of our rapidly increasing Eastern Trade, a "New England Depot" with

R. H. PARKER & CO.,

No. 4 LIBERTY SQUARE, COR. WATER STREET,
BOSTON, MASS.

The uses of **GLYCERIN** in Pharmacy, etc., etc., have increased of late to such an extent, that the production has been stimulated proportionately, and in consequence thereof a vast deal of inferior Glycerin is being offered to the trade. This article may appear to the eye as good as the chemically pure: however, on close examination, it will be found lacking in specific gravity, and to contain many impurities, which make it any thing else but chemically pure, for which it is mostly sold.

As the benefits derived in the use of Glycerin depend upon its purity, we beg to point to the necessity of securing a **pure article, one that is known to be such**; and, although there may be a slight difference in price, it will be found that the **best Glycerin is the cheapest in the end.**

N. B.—**CHEMICALLY PURE GLYCERIN** should be **white**, of **specific gravity of 1.260** (30° Beaume at 60° Fahrenheit), **odorless**, and must stand the test of **Nitrate of Silver**.

OUR GLYCERIN has been before the trade for the past twelve years, and is acknowledged as **Standard**. We can assure our customers that we shall at all times continue to maintain such standard. It is produced by a patented process of repeated distillation, no chemicals being used; while other makers distil but once, and bleach by chemicals or charcoal.

European Glycerin is sometimes offered here at lower prices than the American; but, on comparing the Price Lists of the best European manufacturers, we find that what they call chemically pure is higher in price than ours. The inference, therefore, is that they send their lower grades only to this country. While they have **several** qualities of white Glycerin, we continue to make but **one**, and that **chemically pure**.

SUTTON'S CRESCENT COLOGNE

DES FLEURS,

A FRAGRANT AND LASTING EXTRACT FROM THE FLOWERS.

This Cologne is guaranteed to be a Veritable Extract from the Rose, Jasmine, and Orange Blossom; forming a delicate and permanent bouquet, and pronounced by Connoisseurs to be the **Richest Cologne in the American Market**, equal to the best imported Extracts.

THE FAIRY ATOMIZER

(SEE CUT)

is presented with each small size trial bottle at 25c., the proprietors feeling assured that after a trial no greater inducement will be necessary than the **MERIT OF THE COLOGNE ITSELF**.

The Atomizer will be found useful for perfuming and disinfecting the room; diffusing Cologne, &c., on the face, hair, and apparel; watering delicate plants; also a valuable apparatus for different uses in the arts.

Crescent Cologne is also put up in larger trial bottles (without the Atomizers), holding double the quantity of those with Atomizers. Each bottle surmounted with an **Elegant Gold-Plated Sprinkler-Top**, making the handsomest 25-cent staple article in the market.

In ordering from your wholesale house, please state "Crescent Cologne, with Atomizer, trial size," or "Crescent Cologne, extra large trial size." Both kinds retail at 25 cents.

CAUTION AGAINST WORTHLESS IMITATIONS.

We were the first to introduce to the public, in September, 1878, this choice Cologne, **MADE FROM THE FLOWERS**, and having a perfect Atomizer with each small bottle, at the remarkably low price of 25c.

The great popularity and steadily increasing sales of our Crescent Cologne has induced several unprincipled parties to closely imitate **THE STYLE** of our goods.

We shall always respect a fair competition; but the cheap and inferior Cologne, or **SO-CALLED EXTRACTS**, bottled with these imitations, has a tendency to prejudice those who have purchased these useless Atomizers against **ALL** Colognes with Atomizers.

As Manufacturers we take a just pride in the uniform strength and quality of Crescent Cologne, and the perfection of our Atomizers, every one being tested before leaving our factory. All our goods have the Trade-Mark of Crescent and Star (SEE CUT), and our signature written on the label.

NAME AND TRADE-MARK BLOWN IN THE BOTTLE.
